Portfolio

SUMMARY

B.Tech IT student (2026) specializing in full-stack web development with the MERN stack. Built and deployed 3+ full-stack projects including a real-time Product Expiry Alert System and Business Decision Impact Analysis. Seeking full-stack roles to ship impactful user experiences.

SKILLS

Languages: JavaScript, Python.

Frontend: React, Tailwind CSS, HTML, CSS.

Backend: Node.js, Express.js, REST APIs.

Database: MongoDB.

Tools: Git, GitHub, VS Code, Vercel.

Soft Skills: Leadership, Communication, Teamwork.

Languages Known: English, Hindi, Tamil, Urdu.

INTERNSHIP

Full Stack Intern | EDU TANTR | Bangalore | Jun 2024 – Jul 2024

- Built 3 full-stack web apps (Resume Builder, Portfolio, Student Result Dashboard) using React, Node.js, Express.js and MongoDB, reducing development time by 40% through reusable component design.
- Designed responsive UI components using React and Tailwind CSS, achieving consistent cross-device experience across all 3 projects.
- Integrated frontend and backend seamlessly, ensuring smooth data flow between React UI and Node.js APIs.

CERTIFICATIONS

- Full Stack Developer Bootcamp:** GeeksforGeeks (2025) MERN Stack with hands-on project development.
- Python Programming:** Infinity Computer Learning Center Completed course with certification.

PROJECTS

Project 1 : Business Decision Impact Analysis

- Built an ensemble ML model combining XGBoost, CatBoost and Extra Tree Regressor to predict business decision outcomes, achieving 85–90% accuracy.
- Outperformed single-model baselines by combining multiple algorithms using ensemble techniques, improving prediction reliability by ~15%.

Project 2 : Product Expiry Alert System | [Live Demo](#) | [Github](#)

- Developed a full-stack MERN application to track and manage product expiry dates with automated real-time alerts, serving 100+ product entries.
- Built REST APIs using Node.js and Express.js, integrated MongoDB for data storage, and designed responsive UI using React and Tailwind CSS.

Project 3: Currency Converter | [Live Demo](#) | [Github](#)

- Built a real-time currency converter web app using HTML, CSS and JavaScript with live exchange rate API integration, deployed on Vercel.
- Implemented responsive UI with instant conversion across 150+ currencies, ensuring seamless experience on all screen sizes.

EDUCATION

B.TECH Information Technology

2022 - 2026

Ganadipathy Tulsi's Jain Engineering College

CGPA: 8.8

High School

2020 - 2022

Hasnath-e-Jaria Girls Hr. Sec. School

Percentage- 84%

SSLC

2019 - 2020

Hasnath-e-Jaria Girls Hr. Sec. School

Percentage- 74%
